College of Dentistry COVID-19 Survey Results

This report summarizes the Faculty Senate Office's COVID-19 Survey results for the College of Dentistry.

Each survey question is presented first with the full college data, then broken down by age, gender, and method of teaching within the college.

There were 43 total survey respondents from the College of Dentistry.

Question 3:

Overall, the University of Iowa has done a good job helping faculty adapt to the changes at the institution brought on by the spread of COVID-19.
