**Committee Charge**

(a) Selecting speakers for the University Lecture Series with the goal of presenting a balanced slate of speakers who will deal with topics of wide interest. Before making the selection, the Committee shall solicit and consider suggestions from all interested parties;

(b) Advising on and assisting in arrangements for lectures;

(c) Coordinating its activities with other appropriate programming groups on campus;

(d) Ensuring that the Regents Speakers Policy is adhered to in events under its jurisdiction.

**Current Year Meeting Dates**

The committee met weekly every Tuesday when classes were in session. The full committee met weekly on Tuesdays from 5:00 to 6:00 PM. Smaller meetings took place on a daily basis.

**Current Year Activities**

The committee successfully planned the speaker line-up for the 2012-2013 academic year and was able to plan a majority of the line-up for the following 2013-2014 academic year. The 2012-2013 line-up included Seth Meyers- Saturday Night Live cast member, Barbara Ehrenreich- author, Junot Diaz- Pulitzer Prize winning author, L. Hunter Lovins- founder of Natural Capitalism Solutions, Roxana Saberi- American-Iranian journalist, Jose Antonio Vargas- journalist, and Neil deGrasse Tyson- astrophysicist.
Our maximum attendance for a main event was 1100 and our minimum attendance was 300. Every event included an opportunity for students to interact with the speaker, either in the form of a classroom talk or a reception to which students were invited. We collaborated with numerous entities on events, e.g. the Public Policy Center and Office of Sustainability.

<tr>
<td>Other issues of concern</td>
<td>With Hancher Auditorium still under re-construction from the floods of 2008, the Lecture Committee often times struggles to find a venue that can hold more than 1000 audience members. We were forced to turn away nearly 400 people for the Neil deGrasse Tyson lecture due to limited seating.</td>
</tr>
<tr>
<td>What should we tell applicants for this committee regarding expectations of members (anticipated workload, existence of subcommittees, etc.)?</td>
<td>The expectations for Lecture Committee are much higher than any other charter committee. The committee is responsible for all aspects of campus engagements ranging from writing offer letters to arranging advertising and travel for speakers. All committee members are expected to attend weekly meetings and approximately ten lectures, receptions, and dinners through the academic year. Student members of the committee should expect to spend additional time outside of meetings working to arrange upcoming events.</td>
</tr>
<tr>
<td>The Faculty Senate Office collects agendas and minutes from the charter committees to send to the university archives. Please let us know the best way to get that information from you (e.g., direct us to a website, put us on the committee’s distribution list, etc.).</td>
<td>Many weekly meetings exist for the sole purpose of brainstorming ideas for upcoming lectures or discussing individual investigations. Upcoming lectures are available off of the committee website at <a href="http://lectures.uiowa.edu">http://lectures.uiowa.edu</a> and specific meeting agendas can be requested from the committee chair.</td>
