

Committee Member Expectations - Financial Aid Advisory Committee

Regular attendance is expected for the functioning of the committee as we advise the FAA office. Student participation on this committee is highly valued. Anyone considering joining the committee would be welcomed particularly if you are interested in learning about policies related to disbursing financial aid and the ways the University of Iowa continues to support the financial literacy of U-I students. Each meeting often includes the importance of financial aid to support students as they continue their education.

Typical meeting schedule is usually 1x a month. Subcommittee meetings occurred and Co-chair meetings were scheduled with Liaison members as needed.
